

## GTS REFURBISHMENT

As part of its ongoing GTS 2020 programme of improvements GTS has recently completed the refurbishment and modernisation of its production and quality laboratory.

In addition to new work areas the lighting, storage and layout have all been improved to aid workflow and to provide an environmentally friendly and modern facility. Procedures are also being updated to reduce paper storage whilst retaining total traceability.

## PRODUCTRONICA 2017

GTS Flexible Materials was present again at the Munich trade Exhibition.

A number of current customers took the chance to see us to review projects and discuss technical questions.

New prospects came by to get information on our product portfolio and seek help with their unique bonding requirements.

Besides GTS personnel from the U.K., France and Germany we were happy to have our Asian colleagues from Grandmake Trading visiting us.

Laurent Mourier, Dr Graham Farmer MD,  
Mareen Weber, Stephan Wittkaemper

Overall a successful show which lay ground for some interesting new projects.

## GTS New Appointments/Staff

GTS has been actively recruiting and has taken on a number of new staff in various roles within the company. Geoff Pudge has joined us at GTS in the newly created role of Product Development Engineer. Sarah Singer has become the new Materials Administrator. Sarah fills the role after the sad loss of Vicky Bennett, who passed away this year. Laura Purcell has taken over as Technical Assistant.

GTS vacancies can be found on our Web page under the Careers section: [www.gts-flexible.com](http://www.gts-flexible.com)

## GTS Exhibitions 2018

CPCA China – 20th – 22th March, 2018

PCIM Asia – 26th – 28th June, 2018

### HOLIDAY SHUTDOWN

GTS will be closed from lunch time Friday 22<sup>nd</sup> December 2017 and will re-open on Tuesday 2<sup>nd</sup> January 2018.

GTS would like to take the opportunity to wish all our customers, agents, suppliers, forwarders and staff a very Happy Christmas and New Year and thank them for their support throughout the year.
